

## **Authorization for Alternate Pickup Arrangements**

*We understand that there are times that a child's parent cannot make it to pick up their child and need to arrange for someone else to pick them up. For safety reasons, we cannot allow ANYONE other than the parents or legal guardian to pick up a child from Hebrew School unless the parent/legal guardian gives **written consent**. Please fill out the following form and sign the authorization below.*

In the event that I cannot come to Lubavitch Hebrew School to pick up my child, I hereby authorize the following people to pick up my child from the school. I understand that only those individuals listed by me below will be given permission to pick up my child and that if I should need to arrange for someone not listed below to pick up my child, the school requires my WRITTEN consent in advance.

List as many people as you can think of that you may ask to pick up your child – grandparents, babysitters, friends, carpool, etc.
